

Guidance for visitors at Jefferson Park per CMS:

CMS guidance states **limitations** on visits should be put in place for:

- Unvaccinated residents, if the COVID-19 county positivity rate is greater than 10% and less than 70% of residents in the facility are fully vaccinated;
- Residents with confirmed COVID-19 infection, whether vaccinated or unvaccinated, until they have met the criteria to discontinue transmission-based precautions; or
- Residents in quarantine, whether vaccinated or unvaccinated, until they have met criteria for release from quarantine. (new admissions and hospital readmissions for a 14-day period)

Whenever the above three criteria are not met, we will be **allowing** visits with the following guidelines:

- Overall visitation hours are 7:00 a.m. to 8:00 p.m.
- Visits must adhere to the core principles of infection control for Covid-19 including wearing a face mask, maintaining social distancing, etc.
- Screening will include filling out a questionnaire.
- Please visit only your loved one and not other residents or staff.
- If you plan to visit your loved one with a group of 4 or more we would ask that you schedule this in advance so that an appropriate space can be provided that allows social distancing for everyone.
